

Enterprise Temiskaming & KDCDC in partnership with
the Kirkland Lake District Chamber of Commerce
invite you to celebrate

Small Business Week

Join us on Thursday, October 19th, 2017

from 5:30pm to 8:30pm

at the Microtel Hotel (350 Government Rd W, Kirkland Lake)
for two informative business sessions!

Immigration Solutions for rural and northern Canada (Don Curry of Curry Consulting)

Don Curry of Curry Consulting will address the shortage of skilled workers that will soon become apparent as the Baby Boomers enter retirement age, and how an immigration component might help to meet this demand. He will also discuss how attracting newcomers to our communities will ensure that retiring businesses have more people looking to purchase their enterprises. "There needs to be a common immigration strategy for Northern Ontario" Curry says. It's time we shed some light on this very real topic.

BEAM Program / STAMP Program & Introduction to Social Media (Phil Barton & Kait-Lynn Gooch)

NEOnet Inc is a regional, non-profit organization, which was established in 1999 with a mandate to facilitate telecommunication service and infrastructure development in northeastern Ontario. Phil Barton of NEOnet will explain two of their programs - Broadband for E-Business and Marketing (BEAM) and Small Business Technology Assessment Monitoring and Planning (STAMP). Kait-Lynn will then give participants an Introduction to Social Media and its importance to the vitality and success of any business.

Light refreshments will be served!
